

- 1.24** ¿Qué característica deben cumplir necesariamente todos los routers que forman parte de un mismo sistema autónomo?
- OOOO) Deben abarcar rangos de direcciones agregables, a medida que se asciende en la jerarquía
 - PPPP) Deben utilizar el **mismo protocolo de routing**
 - QQQQ) Deben estar interconectados mediante una topología mallaada
 - RRRR) B y C (deben utilizar el **mismo protocolo de routing** y estar interconectados mediante una topología mallaada)
